

# Description du modèle physique de données

Identifiant : PCONS SDE desktop\_inq

Workspace type : RemoteDatabase

Workspace factory : Sde

Geodatabase release : 3.0.0

Date d'export : 2026-09-11

(hors dataset)

| Name                        | Dataset Type | Système de coordonnées | Type de géométrie | Résolution | Tolérance |
|-----------------------------|--------------|------------------------|-------------------|------------|-----------|
| SITG_ADM.CAD_BATIMENT_HISTO | FeatureClass | CH1903+_LV95           | Polygon           | 5e-05      | 0.0001    |

## SITG\_ADM.CAD\_BATIMENT\_HISTO

| FeatureDataset | FeatureClass       | FieldName            | FieldType    | FieldLength | Nullable | DefaultValue | Domain | Subtype |
|----------------|--------------------|----------------------|--------------|-------------|----------|--------------|--------|---------|
|                | CAD_BATIMENT_HISTO | OBJECTID             | OID          | 4           | Non      |              |        |         |
